Lucky winner of the \$500 major prize was Mrs. Eileen Henry and \$100 winner for the fifth game black-out was Mrs. Rita Gabrielson, both of Drayton Valley.

Winners of \$50.00 prizes were Luke Gurnick, Violet Grove; Mrs. Phyl Pajak, Drayton Valley; Mrs. Vivian Woodruff, Round Valley; Roger Pequin, Violet Grove; Mrs. Elvie Williams, Drayton Valley; Mrs. Helen Rybak, Rocky Rapids; Linda Thompson, Drayton Valley; and Dianne Wagner, Drayton Valley.

Election Day is Next Wednesday

Drayton Valley voters will go to the polls next Wednesday, October 15th, to elect a new mayor, two councillors, two trustees for the Separate School Board, and a member of County of Parkland School Committee.

One vacancy on the Municipal Hospital Board was filled by Mr.

Henry Deby by acclamation.

The mayor's office is being contested by former mayor Howard Pickup and Dale Gaehring. Four candidates are making bids for two council seats. They are Robert Huber, Denis Meier, Mrs. Inez Oscar and Ronald Smith.

Seeking election as Separate School Board trustees are Allan Home, Eugene Meraw and Louis Serenas. The County school board seat is contested by Thomas Johnson and John Tyler.

The polling place on the 15th will be the Council Chambers of the Town Hall and will be open between 10:00 a.m. and 7:00 p.m. About 1,500 persons are eligible to vote.

Musical Comedy To Be Presented This Weekend

The Jubilaires Club of the University of Alberta will present their fall production "Stop The World, I Want To Get Off," at the Frank Maddock High School in Drayton Valley on Friday, October 10th.

The show is being sponsored by the Drayton Valley Rotary Club with proceeds earmarked for community projects. Tickets are now available from club members.

A real treat is in store for residents who keep the evening free for the performance.

The Jubilaires are well known for past productions of such shows as, Li'l Abner, Once Upon a Mattress, Finian's Rainbow and others.

Stop the World, was written by the well known playwright Anthony Newley. This musical includes such songs as "What Kind of Fool Am I", "Gonna Build A Mountain", "Once In A Lifetime" and many other popular songs.

The show is directed by a well known Edmonton actor, Wes Stefan and choreographer is Orest Semchuk of the famous Shumka Dancers.

School Plebiscite Likely This Fall

A new plebiscite will be held this fall on a proposed centralized high school for Evansburg.

The new vote was made necessary by a legal challenge which resulted in a July 24th plebiscite on the matter being ruled void.

The school is proposed by the Edson-Stony regional high school district. A.W. Boychuk, acting secretary-treasurer of the district said a date for the vote will be decided at a board meeting Thursday.

The new school would cost about \$1,350,000 if approved. Voters rejected the proposal by a 50-vote margin in the July 24th vote.

Rex Rimmer and George Beach both of Evansburg challenged the vote in August. They alleged that more than 100 people not

eligible to vote did so. The challenge was upheld in district court and no appeal against that court's decision was launched during the 30 day appeal period.

Talk Possibility Forming Jaycees

The possibility of organizing a Jaycees branch, or junior chamber of commerce, in Drayton Valley was discussed at the regular meeting of the Chamber of Commerce held last Thursday morning in the Cardium Room.

The group, intended for younger men, is under consideration and the Edmonton Jaycees have expressed interest in helping organization here. A preliminary meeting is planned for later this month.

A report for the Retail Merchants Association indicated much activity by the group. Plans for a town-wide shopping promotion on October 16, 17 and 18th were explained. Member business places will be taking part with shopping features and prizes.

The association also has plans underway for a children's Halloween party. Merchants will be asked to contribute to one big party, complete with costume judging and treats, rather than "shelling out" at individual business places.

Plans are also being formulated for a Christmas party for town and area children.

CHAMBER BRIEFS

Festive lighting was one of the topics introduced at the regular meeting of the Drayton Valley and District Chamber of Commerce last Thursday morning in the Cardium Room.

The addition of "welcome" and "season's greetings" signs in lights was discussed and thought to be sufficient for this year in a program that has additional lighting added each year.

The meeting felt that an amount in the neighborhood of \$200 should be spent this year.

A committee is working on the program.

The tourist potential of the Elk River Road to its junction with the Forestry Trunk Road was discussed as was the cut-off to Nordegg that was talked about some time ago. In an effort to attempt re-awakening of interest in the cut-off, the local Chamber plans to contact chambers in Edmonton and Rocky Mountain House and the Department of Highways.

It has been proposed to have signs advertising Drayton Valley painted on transport trucks running out of the community. A committee is to investigate the matter and obtain estimates.

The subject of contributions and donations to various undertakings and organizations and the possibility of one campaign for all was discussed without any formal decision reached.

In the same vein a brief report on the annual "Miles for Millions" march was heard and plans for a general meeting of all interested announced for later in the year.

The Chamber went on record with a motion commending the "Miles for Millions" committee for its work on the project.

The extension of 50th street that enters Highway 57 south past the auction mart and north past the Gulf Service Station was introduced. It was decided to write the County and Town Council with a request for upgrading of the road. A request will also be made for a directional sign at the southern junction.

EDITORIAL COMMENT

Remember -- Vote Wednesday

Town voters are reminded that Wednesday, October 15th is election day. Your vote is important, -- make sure you use it.

Unfortunately this is the last reminder The Western Review can give with election day falling invariably on our publishing day, so the notice must be one week early and election results one week late.

The same situation exists across the province with almost all weekly newspapers going to press on Wednesday. The Alberta Weekly Newspaper Association has approached the Provincial Government with a request for a change in voting day, apparently without success.

We agree with the Association's theory that moving election day either earlier or later in the week shouldn't make much difference to planning the event, but would make a great deal of difference to residents of communities served by weekly newspapers who would then enjoy the advantage of a later reminder and election returns sooner than is now possible.

Sasquatch Back Again

The Western Review, you might recall, mooted the Sasquatch theory in an issue earlier this year.

Now something has popped up in the Bighorn Dam region. A Sasquatch? Well, some sort of hairy creature according to reports of eye witnesses.

The David Thompson Highway will probably need a catchy slogan to keep before tourists. How about forgetting those birds and using "Follow the Sasquatch tracks to beautiful British Columbia"?

EVANSBURG NEWS

It's potato digging time at our place just now and it certainly keeps us hopping to get the potatoes in between the showers and the cold days we have been having. The farmers too, are all wishing the weather would change to warm and dry fall weather.

Visiting a few friends in the area recently were Mr. and Mrs. Weymouth of Chilliwack, B.C. Mr. and Mrs. Weymouth used to make their home just on the outskirts of the village.

The 1st Pembina Valley Group Committee for the Cubs and Scouts held their first meeting of the season recently. Plans were made to hold a reorganization meeting soon so all the boys who are interested in Cubbing and Scouting could be registered.

The United Church Women wish to extend their thanks to those who attended their recent tea and rummage sale. They report that the event turned out very successfully. They plan to have a tea later on and also wish to let everyone who are interested that Sunday School classes are being held in the afternoons at 2:30.

Mrs. Doris Feldberg was again a lucky winner on CBC TV Guess Again Program. This time Mrs. Feldberg sent in for her topic, Stan Rodway of the Motor Vehicle Centre. Although the topic was guessed before the full time was up, Mrs. Feldberg won herself \$20.

Back in an Edmonton Hospital is the man of the house. Although we miss him, it is nice to know that he will soon be back with us again.

Congratulations this week go to Shirley Hutchinson and Gilbert Getson on their recent engagement. Shirley hails from the Hollisprings district and Gilbert from the Chip Lake area. Best wishes to you both.

Here's to remind interested parties that the 4-H re-organization meeting will be held this weekend.

High School Teams Prepare For Volleyball Schedule

Frank Maddock High School Volleyball teams have been diligently practicing for the forthcoming schedule of exhibition games, Pembina League Games, and Tournaments. This year's teams are expected to be strong contenders in both league play and A.S.A.A. (Alberta Schools Athletic Association) Champion-

ship Tournaments.

Invitational tournaments are scheduled for Ardrossan, Salisbury High, and Thorsby. This year the Provincial "B" Schools Championship Tournament is programmed for Ponoka on November 22nd.

Contrary to many beliefs, Volleyball has become a highly

competitive sport within the high schools in Alberta. It demands training dedication to develop the kind of ability that is necessary to contend in present interschool matches. Follow the teams and watch this paper for the results in future contests. Exhibition challenges from any group in the community would be more than welcome.

RAMONA NEWS

We have a few lucky people in our community. Eleanor Davis is won \$160 on September 23rd and Mrs. Woodruff and Helen Rybak each won \$50 on October 2nd. Congratulations ladies and we wish you even better luck in the future.

PROGRESS ... is my first concern

Drayton Valley has continued to move ahead in recent years and I believe the momentum started can be carried forward to an even better future.

As Chairman of the town's Development Board, I played some part in formulating plans for the new sub-division in the northern area of town. The board is looking to the future and new development planning is already underway. I ask your support at the polls to continue planned development of the community.

If elected, the progress of Drayton Valley will remain my first concern.

Junior High Adopts Vietnamese Girl

Drayton Valley Junior High School has financially adopted Nguyen Thi Anh Tuyet, a five year old Vietnamese girl through Foster Parents Plan.

The Foster Parent's responsibility is financial, not legal, and the child grows up within his own family. The objective is to help the child and family to become self supporting through improved health, nutrition, and educational opportunities.

More than 11,000 children in nine of the world's developing countries are now being cared for through Foster Parents Plan by individuals and groups in Canada. They exchange letters with the children each month, receiving both the original and translations supplied by PLAN.

The \$17 a month (or \$204 a year) contributed by the Foster Parent through PLAN for a minimum of one year, provides a monthly cash grant, supplementary new clothing and household goods carefully selected to meet the needs in each area. In addition PLAN offers medical care when called for, primary school education and in some cases vocational training.

Despite the distance that separates Foster Parents from their children overseas, "adoption" is very personal. The monthly letters between them keep both parties in constant touch, and over the years they often develop fast and loving friendships.

Children of all faiths are assisted because PLAN is a non-sectarian, non-profit, non-propaganda, independent, government-approved organization.

Jack K. Mitchell, Canadian Information Director, said that thousands more children are in desperate need, and may be chosen by age, sex and country.

Information can be obtained by writing Foster Parents Plan, P.O. Box 65, Station "B", Montreal.

SMOKING VS. FIRE CONTROL

It would appear that the smoking habit is a bug-bear to progress in fire prevention and fire control. To add to the problem smokers seem to want to be able to smoke in any class of building. There are occupancies where it is positively dangerous to smoke. Such places are, for example, flammable liquid storage or process rooms, flammable chemical storage rooms, buildings for combustible wastes or explosive storage and handling, or in areas or buildings where combustible dusts are suspended in the air. These occupancies must be posted to guarantee no smoking and the law must stipulate penalties for violation of the no smoking rule.

In buildings such as schools, hotels, theatres, hospitals, closed arenas, retail stores, warehouses, farm outbuildings and others it would be of advantage to have smoking prohibited or at least very strictly controlled. This conclusion is reached in view of the shocking record of cigarette fires in these premises over the years.

There may be a case for no restriction against smoking in dwellings, apartments, private clubs and open areas but again judging from the record, these are the places where loss of life from careless smoking is most common and where smoking accounts for about 50% of the fires.

There is much evidence to prove that unrestricted smoking is the greatest obstacle to fire control. Smokers' carelessness in all types of buildings has proven to be a very costly business. One must wonder how long we can continue to afford it.

BUCK CREEK NEWS

Mrs. Jock McCrank was the lucky winner of a five hundred dollar cash prize at a bingo in Wetaskiwin last week. Mrs. Ethel Hallgren won the fifty dollar door prize.

Mr. Hallgren's sister and brother-in-law Mr. and Mrs. Gibbons and daughter of Edmonton and Mr. and Mrs. Howard Trautman of Rimbey were Sunday visitors at the Hallgren home.

Ken Hanson's brother and wife, Mr. and Mrs. Carl Hanson visited here with the Hanson's last Sunday.

Mr. and Mrs. Adolph Smestad had the misfortune of hitting a horse on the road five miles north of Buck Creek last Wednesday evening. Ruth received fifteen stitches to her forehead and Mrs. Margaret Oberg, a passenger in the car sustained a broken arm. Mr. Smestad and Arne Oberg were released from hospital Wednesday evening while Ruth and Margaret were detained until Friday. The horse was killed and the car was badly damaged.

The Community Club meeting was held last Wednesday evening with plans being made to commence work on the skating rink as soon as the weather permits. Donations will be gratefully received.

Mr. and Mrs. John Roos have moved into their home in Breton. Mrs. Roos is a patient in the Royal Alex Hospital in Edmonton.

Mr. and Mrs. Bert Roos spent last weekend in Calgary visiting Mr. and Mrs. Wilson.

Last weekend the Scouts and their leaders Bill and Lawrence went on a camping trip to Moose Mountain northwest of Alder Flats. Despite the cold wet weather they report having had a good time. Some of the boys saw some wild game while at night the coyotes lulled them to sleep.

The way some people find fault, you'd think there was a reward.

Tricycles mute reminder of family tragedy.

Never Leave Children Or Elderly Alone

It only takes "a minute" for fire to kill and statistics indicate that children and elderly people are too frequent victims.

A child doesn't understand that the pretty match which lights his birthday cake or the fireplace can also burn him. If he sets himself on fire or if fire breaks out when you are away, he, like the disabled elderly person, is helpless to escape.

These defenseless human be-

ings depend on you for their well-being. Grief and guilt will not bring them back if tragedy occurs.

It is a parent's responsibility to teach his child by example and instruction to respect fire. The child must understand that a match is not a toy and matches should not be left within easy reach.

It is also a parent's responsibility to hire a reliable baby sit-

ter and to see that emergency telephone numbers and instructions for fire safety and escape are provided.

Section 189 of the Criminal Code of Canada states that "Everyone who unlawfully abandons or exposes a child who is under the age of 10 years, so that its life is or is likely to be endangered or its health is or is likely to be permanently injured, is guilty of an indictable offense and is liable to imprisonment for two years."

Wabamun News

We were sorry to hear that Mrs. Clara Voigt had passed away on September 22nd. Our sympathy goes to her family. She leaves three daughters, Helen Walker, Minnie Seta and Nora Hendry of Edmonton; two sons, Carl of Edmonton and Eugene of Fort Erie, Ontario.

Mrs. Voigt lived in Wabamun for some years after living at Lake Isle.

Mr. and Mrs. Mastaller are expected home soon from a tour in Europe.

It was a real treat to see so many girls of the Canadian National Bicycle Club stop off for a couple hours rest at Wabamun while on their way to the west coast, and then they plan on going on to Japan for the World's Fair. Good going girls.

Mr. and Mrs. Matula are the proud parents of a fine baby boy, his name is Braden.

Mr. and Mrs. Louis Joannette have a brand new baby girl.

Mr. Henry Bergman is home from the hospital but is taking it very easy for a while.

Peter Labuda is still in the hospital but is improving slowly.

It is nice to see some more building going on in Wabamun. Several homes are being enlarged. Mr. Charlesworth, Mr. E. Harrison and Mr. D. Denton are adding to their homes and some are repairing and painting and the C.N.R. station is being renovated at the present time.

Mr. and Mrs. C. Lobb of Red Deer called on old friends here recently.

Mr. and Mrs. R. Hyland have moved back to the Darwell district.

Mr. G. Brudersheim of Edmonton visited at the Robert's home last Sunday.

JUNIOR HIGH NEWS

On Thursday, September 25th it was election day for the Drayton Valley Junior High School Students' Union. There was one fun-filled week of campaigning for all. Congratulations to the following people who won positions in the Students' Union: President Ian McLean, Vice President Karen Machan, Social Convenor Debbie Reid, Secretary Nadia Oscar, Treasurer Donna Kerber and Sports Representative Zane Reinhart. One student in each room was elected to represent his room in the Students' Union. There was one reporter, Brenda Streit, and two co-reporters Donna Kerber and Cheryl Daviduk elected.

Congratulations to the boys who have been accepted on the

soccer and volleyball teams for our school. Soccer has been under way for two weeks, but volleyball is just beginning. Soon both the boys and girls soccer, volleyball, and basketball teams will be going to play in other towns as well as in Drayton Valley.

In the annual Edmonton and District cross-country race for Junior and Senior High Schools, two of our Junior High students performed excellently. In the 15 year old age group, Randy Moscaluk placed 9th and in the 14 year old age group Bobby Godun came first out of well over 50 competitors. Congratulations to the boys and the best of luck in the zone meet this coming Saturday.

On October 29th, the Drayton Valley Junior High School will be holding its awards night. All parents and other interested persons are invited to attend.

Nothing is rich but the inexhaustible wealth of nature.

ROCKY RAPIDS NEWS

Mr. and Mrs. W. Louth and Fred Louth have returned from an enjoyable holiday in Ontario.

Get well wishes to Mrs. Floyd Combs in an Edmonton hospital; Mrs. James Smith in Drayton Valley Hospital and also Mr. E. Empringham who is home from hospital after being treated for burns to his hands and face when the furnace he was lighting exploded.

There are still some honest people in this world as Mrs. Orval Symes will testify. When on holidays in B.C. this summer she had the misfortune to lose her purse at a campsite containing a large sum of money and papers. A man by the name of Bill Federspiel of Canyon Creek, Alberta found it and returned it in person to Mrs. Symes about 3 weeks later.

Mrs. Bradley, Mrs. W. Towns end's mother is spending a week with the Townsend family.

BURTONSVILLE NEWS

Mrs. Mabel Bryant and Mrs. G. Raymond of Keephills and Mrs. Doris McDougall of this area visited Mrs. A. Homme on Wednesday.

Mary Tattersall visited Mildred Henkel of Drayton Valley the first part of the week.

Rev. J.D. Kennedy returned on Friday after spending two weeks with his son Rev. Ken Kennedy and family of London, Ontario and other relatives in the east.

Dick and Lily Wheadon of Whitecourt and their children, Cecil and June Homme of this area and their children, visited Lily's and Cecil's parents on Sunday.

Theresa Tattersall also visited her mother Mary and David on the weekend.

Paul and Paulette Emil and their three little girls of Lake Isle were also in this area on Sunday.

Ellen Nelson of Quesnel, B.C. granddaughter of Andy and Selma Walker, who was injured in a motorcycle accident last fall has now recovered very well and was married on September 27th to Mr. Steve Campbell of Quesnel. Cecil and June Homme visited June's sister Judy and Leonard Ratkie of Spruce Grove and their family on Tuesday and found them ill with the flu.

Harvy and Frances Draves of Edmonton brought LeRoy and Garry Greanya and their friends to visit Eldon and Marge Greanya on Sunday.

Hay and grain is standing in the field in this area waiting for the sunshine.

Gymkhana Club Meets at Lindale

The Gymkhana Club from Drayton Valley held their final meet of the season at the Lindale Gymkhana grounds on Sunday, October 5th. They were unable to stage this event at home because of the muddy conditions of the grounds there. Our list of the prize winners is very incomplete but we understand that Mr. Bruce Whitelock on Copper figured prominently among the winners of first prize winners.

Let's see. Two in the biplane and another three on the fence posts. That's five fast flyers. All this plus a speeding express train, a racing stagecoach and a hopped-up Hupmobile. What's everybody's hurry? Heaven knows, in Lethbridge we take our own sweet time brewing the beer behind that lively label. Then we age it slowly and naturally. For a flavour that goes over great.

Couple Honored On Anniversary

Friends and relatives from far and near gathered in the Lodgepole Community Centre to honor Mr. and Mrs. Henry Elliott.

The children had worked very hard planning the affair. The hall had never looked lovelier with its streamers of pink and white and interspersed with tiny red rosebuds. Silver bells and letters spelling out 25th anniversary made an attractive background.

News From 2nd Drayton Valley Brownie Pack

It's been a long wait through the holidays for Brownies to start again. Our last year's Brown Owl, Mrs. Kolodiazny, moved to Fox Creek. We all miss her very much. Mrs. Janishewski is our new Brown Owl. Mrs. Van Der Wiede is our Tawny Owl and Mrs. Thomas is a helper.

There are 18 Tweenies and 12 Brownies in our pack this year. Our first meeting was September 8th. We played games and had a lot of fun while the leaders got us organized. On our second meeting, we made sit-a-pons and planned our Hobo Hike. At our third meeting the Brownies and Leaders are teaching the Tweenies new games and Brownie songs.

Saturday, September 27th, we had our Hobo Hike, with all the Brownies from Drayton Valley. We had lots of fun hiking around town and picking up nature things. After, we all went back to the Scout Hall and had a big pot of stew. We had a Survey Hunt and a Treasure Hunt. After playing some more games we all went home.

Thank you leaders and helpers from all the Brownies. We would also like to thank Mrs. Neil for helping us with our singing and our Tweenies.

Mr. and Mrs. Robert Hyatt of Dewberry, Alberta; Mr. and Mrs. Allen Hyatt of Dewberry, Alberta; Mrs. Chester Olsen, Meadow Lake, Saskatchewan; Mr. and Mrs. Lawrence Elliott, Calgary; Mr. and Mrs. James Elliott, Grand Centre; Mr. and Mrs. Wendell Elliott, Edmonton and many other friends from Edmonton and B.C. and Lodgepole.

The couple received beautiful gifts and good wishes including a presentation made by Mr. Ron Schultz on behalf of the company for which Mr. Elliott works.

Mr. and Mrs. Elliott wish to take this opportunity to thank everyone for all the lovely gifts and for helping the children to make it such a lovely evening, with a special thanks to the children for all they have done.

Anyone having suitable articles that may be used for this purpose are asked to leave them at the Parish Hall or with any A.C.W. member.

It was decided that the Anglican Church ladies will be catering again this year, anyone interested in this service, please contact Peggy Tyler at 542-3487 or May Urchishyn at 542-4558 for further information.

Thanks are extended at this time to all the members and people of the parish for their help with the Rummage Sale. Also the public for their patronage of this event.

The meeting closed with devotions led by Peggy Tyler. Lunch followed, served by Mrs. May Urchishyn and Mrs. Marion Neil.

A woman stepped off the penny scale and turned to her husband. Eyeing his wife, he asked: "Well what's the verdict, a little overweight?" "Oh no," said his wife, "I wouldn't say that, but according to that height chart on the scale, I should be about 8 inches taller."

WINTER PROGRAM PLANS

It is around to that time of year when Old Man Winter is not far off and with the autumn chill in the air people in the Recreation business are busy preparing, planning and organizing their prospective winter programs. Here in Drayton Valley we can look forward to a busy season. The central attraction will be the Centennial Civic Centre where a record breaking season is expected with hockey, figure skating and public skating. However, this is only one phase of a good number of activities which is offered in this community. The local ski slopes promise to be more crowded than ever before with the Drayton Valley Ski Club looking to the new season with renewed enthusiasm. The curling rink and the bowling alleys will have full schedules. A number of cultural activities are on schedule with ceramics heading the list. Dramatics may make a comeback here this winter and several adult activities will be offered if interest warrants them, with volleyball, basketball, badminton and keep-fit training to mention a few. Last but not least we have our school programs with a full slate of basketball, volleyball and possibly hockey among other activities.

Preparatory work at the Civic

Centre will get under way next week with the ice plant going into operation on October 16th. This should indicate that the ice surface should be set and the doors of the facility would be open for skating by October 22nd.

The Civic Centre schedule is progressing in the hands of the Schedule Committee of the D.V. Recreation Board. A good number of suggestions have been presented to the committee and requests for ice time at the Civic Centre for the coming winter far exceeds any previous year. As you know the place was not exactly idle last winter and with a considerable expansion of the program indications are that we will have a tight schedule. The type of schedule that calls for every available hour of ice time daily from early morning until midnight.

MINOR HOCKEY MEETING

A meeting of all persons connected with or interested in the local Minor Hockey program will be held on Thursday evening at seven o'clock at the Centennial Civic Centre. All sponsors, managers, coaches, officials and all other interested persons are cordially invited to attend this meeting. Minor Hockey involves all divisions from Mites through

Juvenile, in other words boys from seven to nineteen years of age.

The purpose of the meeting is to lay plans for the 1969-70 Minor Hockey season. On the agenda will be discussion of schedule and the amount of ice time required for each division, by-laws, rules and regulations governing local leagues as well as the general overall operation of the entire Minor Hockey program.

If you are interested in any phase of the Minor Hockey program for the coming season make it a point to attend Thursday night's meeting.

HOCKEY OFFICIALS CLINIC

An Alberta Amateur Hockey Association Hockey Officials Clinic will be held in Drayton Valley at the Civic Centre on Saturday, November 1st and Sunday, November 2nd. A registration fee of \$1.00 per candidate must be submitted with each registration form. The deadline for the receipt of applications for this clinic is October 25th. The Clinic will be cancelled if a minimum of fifteen candidates have not registered by the deadline date. Candidates to the clinic are responsible for their own transportation, room and board and any and all lecture supplies.

HOCKEY COACHES CLINIC - LEVEL III

The Recreation Branch, Department of Youth for the Government of Alberta is presenting a A.A.H.A. Hockey Coaches Clinic Level III on Saturday, November 8th and Sunday, November 9th at the Centennial

Civic Centre. Registration time and date will be 9:30 a.m., November 8th. The deadline for the receipt of applications will be November 1st. If a minimum of fifteen candidates have not been registered by that time the clinic will be cancelled. The registration fee for this clinic will be \$1.00 per person. Candidates are responsible for their travelling expenses, room and board and any and all lecture supplies. Application forms for this clinic are now available at the local Recreation Office.

LADIES' VOLLEYBALL

Some interest has been expressed in the formation of a Ladies' Volleyball program. Any

and all interested persons please call the Recreation Office at 542-3327 or drop into the office. Let us hear from all volleyball enthusiasts.

LADIES' KEEP-FIT PROGRAM

Requests have been received at the Recreation Office as to the possibility of establishing a Ladies Keep Fit program locally during the coming winter season. The possibilities are excellent and once again I would like to hear from all interested parties. Phone or call at the Recreation Office in the near future and express your interest in such a program.

HOWARD PICKUP Candidate for Mayor

We are told by the Economic Council of Canada that our country is in for the greatest growth period in all of her history to date. In terms of 1967 dollar values Canada's living standards will rise by 35% by the mid 70s, if Canada operates at her full, all-out market potential.

Further to this, if the E.C.C. has correctly forecast and accurately outlined Canada's next 6 or 7 years, Canada will undergo an increase in consumer spending of about 50% by 1975. These next seven years are forecast to show the steepest rise in consumer spending, as well of standard living, in Canada of any previous similar period, and equal to the previous 13 years compacted into 7.

The Gross National Product for Canada is expected to hit over \$100,000,000,000.00 by 1975 in terms of 1967 dollars; an increase from \$67 billion.

Tomorrow's markets won't just be today's markets on a larger scale. Demands for some goods will increase while others will decrease; and demands for new goods, some of which are not even yet being marketed will be a major factor. Both rising incomes and increasing family formation will provide the market demand increase. As an example, housing expenditures are expected to double.

Canada is apparently going to enjoy a phenomenal growth pattern.

Much of this growth will be provided within the so called "affluent" provinces, of which Alberta is one of these leaders. This will mean that development of new industry, as well as extensions of existing industry will be a constant condition occurring within our provincial borders.

In the past, Drayton Valley

has not enjoyed its share of this portion of Alberta's growth. With our phenomenal wealth of power potential and water resources we should be able to get our share of this growth picture, thereby diversifying and solidifying our economic base.

To my mind, this is the major goal to shoot at over the next few years.

During the past few years, much planning went into the preparation of Drayton Valley as an ideal place to raise a family, so that we would have this factor as a drawing card to small industry for preferential employee location. And we must not under-rate the importance of this to companies when considering location.

An excellent General Plan was developed outlining most of our redeeming features. It is deplorable that these plans have gone into storage. They must be put to active use before they become obsolete, or they will need to be up-dated even before any use was made of the original plan. This, of course, was the original purpose behind having the General Plan done.

If you should call on me to again serve this community as your mayor, this is the program to which most of my energies will be directed. At this stage I do have the time to devote to this work, without the former pressures of a very demanding

pharmaceutical profession and business. This, of course was in the minds of those who have on this occasion proposed my name.

In the past, on all except 2 occasions I was elected to council or mayor by acclamation. Acclamation allows for no idea of the support of the electorate for the programs that candidate may have in mind. I am therefore delighted that at this particular time, Mr. Dale Gaehring, who in my opinion is a most worthy and acceptable and energetic candidate for the office of mayor of the Town of Drayton Valley contest this election with me.

I very much appreciate the many calls expressing support and those who have shown concern from a health standpoint. I have only accepted the nomination after the approval of my cardiologist, who seems to feel that I should be again involved in this type of service. To quote Dr. Talibi, "It's a tremendous idea."

RONALD B. SMITH Council Candidate

As a candidate for the Drayton Valley Town Council I stand for a positive, progressive approach to the future.

I believe Drayton Valley will continue to grow steadily. I believe this town, with each en-

POLITICAL FORUM

Candidates in the forthcoming town election were offered space in this issue to present campaign messages. The opinions expressed are those of the writers and are not necessarily endorsed by this newspaper.

suing year, will become an even better place to live, work and raise a family.

During my term of office the Development Board came into being and I had the privilege of being its Chairman and Council representative.

I am proud of my association with the board. Its members are progressive business people dedicated to directing the course of Drayton Valley's future along the lines of the most orderly and efficient utilization of land, finances and other facilities at Council's disposal.

The board acts in an advisory capacity and has received council backing in regard to the new northern area sub-division and large holdings in the same general area. Construction in the new subdivision justifies our planning and indications are that the large lots will be quickly taken up when sub-division is completed and they become available.

The board is already looking toward the next housing development and I believe it entirely possible that in the not-too-distant future we will make Drayton Valley an attractive site for the location of small industry.

In day-by-day council matters, I have attempted to serve the community to the best of my ability. If re-elected I would be pleased to be re-appointed to the Development Board but would accept and endeavor to fulfill the requirements of whatever committee to which I might be appointed.

In seeking your support at the poll, I pledge myself to continued concern for the progress of Drayton Valley.

JACK TYLER School Committee Candidate

As a candidate for the office of school committee, I stand for the best possible education for

every child in our area.

Secondly, I would endeavor to improve the working conditions of our teachers.

Thirdly, I will work to maintain and improve our present facilities and work aggressively to bring a Composite High School to Drayton Valley.

During my two years as trustee for the Stony Plain School Board renovations of lighting and heating were done in all three schools. Intercommunication systems were installed in all three schools.

At the elementary school the gym was remodelled and painted. Hallways and washrooms were redecorated.

Repairing and repainting of nearly all school housing was carried out during this period of time.

I have diligently worked in the past and I will endeavor to work aggressively for better education in Drayton Valley.

Weekly Livestock Report

The Edmonton weekly livestock report for the week ending October 2, 1969 provided by the Livestock Division, Canada Department of Agriculture.

	CATTLE & CALVES	CATTLE	CALVES	HOGS	SHEEP
This weeks sales	7600	4900	2700	2350	1760
Last week	7227	4837	2390	2486	1524
Same week (1968)	8155	5249	2906	1560	209

SUMMARY

Receipts continued below normal due largely to the unsettled slaughter market. Cattle sales were comprised of 30% slaughter steers and heifers, 12% cows and 57% replacements, 70% of the

total sales were replacements. Trade was generally slow on all slaughter cattle and heavier feeder classes. A good percentage of the slaughter cattle went to Eastern Canada.

Slaughter Cattle & Calves -- The slaughter steers and heifers on offer were mostly of choice and good quality. Overfat steers and heifers were discounted a full 1.00 and more depending on the degree of overfinish. Heavyweight cattle generally brought the top price with heavyweights being discounted. Steers opened steady but were under pressure and traded unevenly to 50 - 75¢ lower as the week advanced. In closing trade heavyweight steers sold up to 25.50 with heavier weights selling just over 25. Heifer prices held up fairly well with closing prices only 25¢ below last week. Butcher cows dropped sharply with all classes closing 2.00 to 3.00 lower. Bulls 1.00 lower. Veal and butcher calves sold about steady.

Replacements -- The heavier weight replacement steers and heifers were mostly .50 to 1.00 lower for the week, in line with the slaughter classes. The light weight stockers and stock steer calves opened lower as buyers appeared more selective. The bulk of the steer calves selling within the 36 - 39 range with light weights higher. Stock heifer calves sold steady throughout. **Shipments** -- Last week's shipments off the Edmonton Stockyards: East 182 feeders and 345 slaughter; West 314 for slaughter, to Southern Alberta 566 feeders.

TURKEY TALK

With Thanksgiving nearly upon us 'tis time to talk of turkey for your Thanksgiving dinner. Did you know?? - that it is not recommended that poultry be stuffed the day before it is to be roasted? It takes too long to heat the centre of the chilled dressing to 165 degrees F. (to ensure any food spoilage organisms are destroyed) and may result in overcooking of the meat. - that a large turkey should not be partially cooked one day and roasting continued on the next? There is too much danger of food spoilage or the development of off-flavors taking place.

Fresh frozen turkey may be thawed at room temperature in its original unopened bag. Allow approximately 1 hour per pound. A slower but safer method is to slit bag along back, and place turkey on rack in pan. Thaw in refrigerator or closed insulated picnic cooler. Allow approximately 5 hours per pound. Have trouble lifting the turkey from pan to platter? Try making a turkey lifting cradle from a few lengths of clean string. Attach before roasting and presto - an easier lifting job.

Roasting timetables for cooking turkey are only approximate. Why? - bird may be only partially thawed; bird may be stuffed or unstuffed; size of bird in relation to oven effects cooking time.

For best results place turkey on a rack in a shallow pan. This allows for free circulation of air. An accurate test for doneness is to place a thermometer in the centre of the stuffing where reading should be 165 degrees F. or in the thickest part of thigh (not touching bone) where temperature should read 190 degrees F.

Allowing bird (once cooked) to 'rest' before serving does not harm and actually makes carving easier.

For directions on making turkey rolls, specific time table for roasting whole turkey's; and delicious ideas for turkey leftovers, contact the S. Edmonton or Stony Plain offices for your copy of "Cooking Canada's Turkey" and "Turkey Rolls". Write 10426 - 81 Ave., or phone 433-8060.

Guest speaker for the meeting will be Mr. H. Dickson, pharmacist at the Charles Cammell Hospital. The meeting will be held at St. Anthony's at 8:00 p.m. on Tuesday, October 28th.

A question period will follow Mr. Dickson's talk and the meeting will be closed with coffee.

The public is invited to attend. A silver collection will be taken to help defray expenses.

Also planned by the Chapter is a house-to-house travelling basket on Thursday, October 16th. The campaign is to raise funds to help the association and purchase hospital equipment.

MAGNOLIA NEWS

Miss Betty Schram who has been visiting for the past two weeks with Mr. and Mrs. Charles Anderson, left on Friday, September 26th for her home and work in Burnaby, B.C. Alberta offered miserable weather all the time Betty was here but she tells me Burnaby had rain each day also.

Two gentlemen from this community are under doctor's care in two hospitals in Edmonton. Roy Walker is in the Royal Alex and Peter McDougall is in the General Hospital. Get better soon as the folks all miss both of you.

Les Jardine has gone north of Yellowknife to work for the Hudson's Bay Company. Good luck Les.

Mr. and Mrs. Cecil June announce the engagement of their only daughter Maxine, to Glynne son of Mr. and Mrs. Alvin Roth. The wedding to take place October 25th.

Ivan Gylander was seen moving his cattle via truck from summer pasture at Round Lake to his home pasture. This is a sure sign of autumn, but Marie June has a five month old turkey hen bought on April 1st, that believes it is spring and is laying eggs. So far it has laid seven eggs. This is the second time that a spring poult has begun to lay at the June farm. Could it be that it is an April Fool turkey?

Al and Alma Roth had Leroy, Marian and granddaughter Misty home for the weekend. Misty has now conquered the chair to chair walk and is doing very well.

The County recently spent a few days re-gravelling the Magnolia road and touching up the grade. This should make it so that folks can come and go no matter what the weather is.

LIVESTOCK DEATHS

The first comprehensive nation-wide study of death rates in Canadian livestock has been completed by Dr. W. Y. Yang of the Canada Department of Agriculture's Economics Branch.

The study covers 17 years, 1950 to 1967. Comparisons in death rates are made between two periods within each year -- December to May and June to November -- and among regions. Much of the basic material for the study was obtained from Dominion Bureau of Statistics surveys and reports.

Eight Brownies Take Part In "Fly-Up" Ceremony

An important milestone in the lives of eight Drayton Valley Brownies was passed on Wednesday, October 1st. On this evening parents, Brownies and Guides and their leaders, gathered in the Scout Hall for a "fly-up" ceremony, symbolizing the Brownie's parting from her Brownie Pack and flying up to Guides.

Brown Owl, 3rd, D.V. Pack, Mrs. Telford welcomed the parents and explained the ceremony to them. She was assisted by Brown Owl, 2nd, D.V. Pack, Mrs. Janishewski.

Since the Guiding movement is an international one, a Japanese theme was used. A flower-decorated bridge was flanked by two "lily-ponds", and at each

end Brownies Rhobin Shimbashi and Susan Meraw in Japanese national costume assisted the girls. The four main islands of Japan correspond with the four plateaus which Brownies pass through on their way to Guides. These are enrolment, the Golden Bar, the Golden Ladder and finally the Golden Hand.

After answering questions pertaining to some part of the requirements she had passed, each girl was given the Grand Howl by the Brownies, then put on golden slippers to cross the bridge into Girl Guide Land, waving goodbye to the Brownies and Leaders she was leaving behind. She was met by her patrol leader and escorted to the Guide Captain, Mrs. Hammerlindl, who with Lt. Mrs. Tyler, officially welcomed the new member of the 1st D.V. Girl Guide Co.

The Brownies honored at this ceremony were Jari Anne Horne, Delene Janishewski, Colette Lambert, Sharon Lemermeier, Kathy Pederson, Michaelle Shimbashi, Cheryl Snider and Dinene Tyler.
